ENVIRONMENTAL COMMERCIAL UMBRELLA POLICY

At Allied World, we take a different approach to insurance. We understand that our clients are unique and deserve more than generic liability coverage. Our specialized Environmental Commercial Umbrella Policy is designed to cover traditional general liability, auto and employers liability exposures as well as environmental exposures from the insured's premises, operations and products.

PRODUCT HIGHLIGHTS

Allied World's policy provides true umbrella coverage attaching over an insured's general liability, employers liability and auto liability policies. In addition, the policy provides bodily injury, property damage, environmental damage and emergency response expense for pollution incidents arising from facility operations, products liability, non-owned locations and transportation where that coverage is in the primary policy.
