alliedworld2232.com

Our construction insurance protects against the cost of physical loss or damage to building works, contract materials and equipment involved in onshore construction projects. In addition, we provide third party liability cover and advance loss of profit coverage.

TERRITORIES

We underwrite single and multi-site accounts produced in London or Continental Europe. These accounts have project locations predominantly in Europe, Asia, Africa, Middle East and Latin America, however project locations in North America will be considered if they are deemed highly-technical i.e. power plants, or if part of a Non-North American client portfolio.

CAPACITY

Up to \$100M (PML)

TARGET CLASSES

Erection All Risk (EAR)

- Power generation and transmission and utilities
