PRE-BREACH RISK MANAGEMENT SERVICES

Allied World//FrameWRXSM helps clients take control with cyber risk management solutions as part of their cyber policy, at no additional cost. The FrameWRX team engages with clients through each element of the platform, coordinates scheduling and serves as a dedicated advocate throughout the process.

In addition to our online information portal (via eRiskHub), clients can select from a set of risk management services ranging from training, unlimited advice (virtual CISO), phishing exercise, cyber risk self-assessment, mobile security evaluation, table top exercise, vulnerability assessment, event logging and monitoring, and a CISO workshop.
