

FrameWRX Delivers Value to Clients

Allied World//FrameWRXSM is a proactive risk management platform designed to enhance an organization's cyber security preparedness and ability to respond to an event.

Clients receive proactive guidance, ongoing support and relevant industry offerings at no additional cost as part of their Cyber policy.

Value-Add

- ✓ Built on the **cornerstone of Value, Flexibility and Empowerment.**
- ✓ **Cyber clients** are eligible for a subset of the services, valued at over \$20,000 at no additional cost.

FrameWRX Services include:

- ✓ **Information Portal** (via eRiskHub). Online access to Allied World breach response incident evaluation hotline, pre-approved vendors, Cyber News, Tools and FrameWRX risk management services.
- ✓ **Cyber Knowledge Center.** Online access to training, virtual CISO and Advice Hotline, compliance and risk management tools, education and webinars.
- ✓ **Table Top Exercise.** Facilitates a mock breach scenario to test incident response capabilities, improve coordination and communication for handling a live scenario.
- ✓ **Consultative Services.** Provides clients with the power to choose one service per policy period. Options include a Cloud Configuration Audit, Ransomware Risk Assessment, Vulnerability Assessment, Log Monitoring Consultation or a Cybersecurity Strategy Q & A Session.
- ✓ **Phishing Readiness.** Provides access to customized templates and selection of user groups to test susceptibility to Phishing and measure behavior gaps.
- ✓ **Mobile Security Self-Evaluation.** Access to a simple questionnaire to evaluate mobile end point security policies and best practices.

Power Up and Engage!

The FrameWRX team proactively reaches out to insureds to provide an overview of the valuable cyber risk management services offered. Our team supports onboarding, facilitates engagement and collects feedback for future iterations.

A Strategy that Works: **22%** Client Engagement

Service Utilization continues to rise year over year:*

352% increase in use of online training

91% increase in Cyber Knowledge Portal logins

21% increase in Tabletop Exercises

12% Phishing Exercises Utilization

*Statistics reflect the increase in utilization from year 2017 to 2018

"I was so extremely impressed with Allied World. My experience with insurance companies is that they get you to sign the application and then are done with you. However, your staff was so extremely helpful and pointed out everything that we had access to. When I learned your services are complimentary, I was beside myself. This is going to help us **save time and money** and we can't believe how lucky we are to have FrameWRX through Allied World"

– **Information Technology Manager**
Private Non-Profit Hospital in New York
