

WORK WELL, WORK SAFE WORKPLACE SAFETY for THE REAL WORLD

One comprehensive solution for managing the health and safety of your employees

We know that managing your health and safety responsibilities can be a big task.

That's why we go the extra mile to support local Hong Kong businesses like yours - so you can proactively prevent workplace injuries, and in the unfortunate event that an accident occurs, your employees can be supported by our team of experts in their time of need. Ultimately, Allied World aims to help you save time and costs related to workplace injuries.

By choosing Allied World as your Employee Compensation insurer, your business gets access to our dedicated Work Well, Work Safe Team comprised of one of our Health and Safety Risk Managers and in-house Healthcare Experts.

Our goal is to bring employees back to work faster – and happier.

It's a win-win for both your business and your employees.

Key Benefits:

- Help you identify and proactively manage employee risks
- Swift response to an injury via our panel of clinics
- Personal Support, guidance and advice for your injured employee
- No surprises or extra costs to your business

“Over **330** injured employees are supported every year by our team.”

How Allied World's Work Well, Work Safe Team supports more than 120 Hong Kong employers every year:

BEFORE

Prevent Injuries.

Our Health and Safety Risk Managers work with you to:

- ➔ Identify and manage risks in your business
- ➔ Give practical guidance to reduce risk and prevent accidents from happening in the first place.

DURING

Support Employees.

In the unfortunate event of an accident, by choosing to insure with Allied World, your business automatically qualifies for support:

- ➔ **PANEL OF DOCTORS** - We have teamed up with some of Hong Kong's most reputable clinics, enabling your employee to seek fast, high quality treatment, cash-free.
- ➔ **PERSONAL CARE** - Our in-house Healthcare Experts will be quickly notified and will be available in-person, to support both your business and the injured employee.

During an injury, our team of caring professionals will:

1. **BE AVAILABLE IN PERSON** – Where practical, our team will swiftly visit the employee at the clinic or hospital
2. **MANAGE TREATMENT OPTIONS** - Arranged by the various healthcare professionals
3. **OFFER DISPUTE SUPPORT**- Manage any disputes over your employee's care – reducing the hassle, minimising emotional distress and avoiding delay in treatment
4. **PLAN RETURN TO WORK** – We'll work with your employee and your business to plan return to work options

AFTER

Prevent Injuries.

Our assistance doesn't stop when your employee recovers.

With years of experience seeing many different types of cases and work injury insurance claims, our Health & Safety Management specialists are able to evaluate your injury data and arrange a post-injury visit to help manage risk in your business. Moreover, following an accident they will also initiate new safety improvements for the teams on the ground to ensure your employees are working safely.

Save Time & Costs.

- ➔ Employees will get the best treatment plan
- ➔ You can avoid the negative influence of recovery agents swaying the process
- ➔ No surprises or extra costs associated with our healthcare services
- ➔ Minimise unnecessary injury costs and maximise your businesses' productivity
