

PRIMARY ENVIRONMENTAL POLICY

At Allied World, we take a different approach to insurance. We understand that our clients are unique and deserve more than generic liability coverage. Our specialized Primary Environmental Policy (PEP) is designed to cover traditional general liability exposures as well as environmental exposures from the insured's premises, operations and products.

PRODUCT HIGHLIGHTS

Allied World's policy provides primary coverage for an insured's liabilities to third parties attributable to bodily injury, property damage, personal and advertising injury. In addition, the policy provides bodily injury, property damage, environmental damage, emergency response expense and claim expense for pollution incidents arising from facility operations, products liability, non-owned locations and transportation.

STRATEGIC RESPONSE®

Strategic Response® coverage is included to aid in the management of public relations issues that may arise in the event of a crisis. Includes a \$250,000 limit of liability for a wide variety of expenses related to managing the crisis and a \$50,000 limit of liability to aid in advertising or public relations expenses.

EMERGENCY ENVIRONMENTAL RESPONSE

Allied World provides emergency response services to our environmental policyholders, including 24/7 access to a toll-free hotline dedicated to the rapid response of your environmental emergencies. This value-added access to an industry-leading team of environmental clean-up specialists helps insureds control damages, mitigate environmental losses and resolve the situation as efficiently and effectively as possible.
