ENVIRONMENTAL LIABILITY

MORE THAN AN INSURANCE POLICY

Helping to restore the Australian ecosystem, one policy at a time

Thank you for choosing Allied World Environmental Liability Insurance. Your choice means one tree has been planted!

CREATING IMPACT TOGETHER

1 Policy Purchased
1 Tree Planted

Through our collaboration with Reforest, every Environmental Liability policy sold helps support Australian ecosystem restoration projects.

In 2025, we began by contributing to the restoration of the Wimmera in Victoria, which focused on restoring the native habitat and biodiversity of the region.

As Reforest has, with its supporters, completed the planting of the Wimmera region this year, we turned our focus to the Doonan Creek region in Queensland and expect to continue to do so in the foreseeable future. This community led initiative aims to restore native vegetation, improve habitat connectivity for local wildlife and improve long term resilience of the landscape.
