CLAIMS HANDLING

Allied World understand that our reputation is built upon a solid promise to our policyholders. Our highly competent team of claims professionals located in Singapore maintain proactive communication with policyholders during the claims process helping to ensure that all parties are kept informed. The team is committed to the highest standards of customers service to ensure the most positive claims experience possible for our clients.

RISK MANAGEMENT

Our experts in Marine Risk Management have specific expertise in Supply Chain Logistics and Logistics Security.

Our Risk Managers come from the Cargo industry having held global Risk Management positions and have worked on cargo ships observing the loading and unloading of various cargo types.

This experience and understanding of the real challenges associated with this complex industry, allows us to offer practical and commercial risk mitigation advice to our clients.
