

RISK MANAGEMENT

PHYSICIANS

The foundation of every good risk management program is communication and partnership. We are committed to delivering superior risk reduction programs to Allied World's physician policyholders. We design these services to be an integral component of a comprehensive insurance program – adding value beyond simply a policy. Many of these services are available to our policyholders as value-added – at no additional charge.

RISK MANAGEMENT SERVICES

- **Education Programs:** Continuing education programs are a fundamental component of any risk management program. We partner with Medical Risk Management, Inc. to provide a broad range of educational options to support and augment your existing risk management initiatives. CMEs are provided for successful completion of each program and post test. Physician policyholders are offered one online educational program each policy year at no charge.
- **Risk Management Helpline:** Our risk management helpline, dedicated solely to Allied World's medical malpractice clients, provides direct, immediate access to risk management information when the need arises.
- **Risk Management Educational Portal:** Designed to be a forum for risk management education, our online portal contains timely advisories, alerts, white papers, webinars and/or complimentary resources.
- **Assistance with Policy and Procedure Development:** Organizations are encouraged to engage our consultative services when redrafting or developing new policies or procedures. We offer assistance with editing and sample policies.
