TRAVELING WITH PEACE OF MIND

Increased travel and event-related accident, sickness, and security exposures, along with the growing importance of duty of care responsibilities, have created greater demand for comprehensive travel risk management and insurance coverage.

Organizations and groups purchase travel insurance as part of a broader risk management strategy aligning with operational best practices while demonstrating responsibility toward traveler welfare.

Group travel coverage is an important component of proactive trip planning and incident preparedness. It offers a competitive advantage in talent acquisition, organizational and student recruitment and addresses traveler concerns about safety.

TRAVEL ASSISTANCE SERVICES

Allied World has contracted with IMG and Crisis24 to provide our insureds with access to Travel Assistance Services.

IMG and Crisis24 have extensive experience handling complex medical and security situations, as well as providing support for travel concerns when they arise. A seasoned team of international, multilingual specialists are accustomed to working across time zones and with different languages and currencies.

Utilizing an extensive global network of medical care providers, IMG's onsite 24/7/365 U.S.-based call center is available day or night to provide care our insureds can depend on.

ACCIDENTAL DEATH & DISMEMBERMENT (AD&D):

The Accidental Death and Dismemberment (AD&D) with Paralysis benefit provides financial protection for insureds who suffer severe injuries while traveling. This benefit also provides coverage in the event of a death resulting from an accident, ensuring that the traveler's beneficiary(ies) receive critical support during challenging times.

MEDICAL EVACUATION AND REPATRIATION

Medical evacuation ensures that travelers facing severe illness or injury can be transported to appropriate medical facilities, often via air or ground ambulance. The Repatriation of Remains benefit pays for the return of a deceased insured to their home country, including costs for a family escort, preparation and related transportation.

OUT OF COUNTRY MEDICAL EXPENSE

The Out of Country Medical Expense benefit provides coverage for accident and sickness related medical expenses incurred while traveling abroad. This includes hospital stays, emergency treatments and necessary medical services.

SECURITY EVACUATIONS

The Security Evacuation benefit provides coverage for the costs associated with evacuating travelers from dangerous situations, such as political unrest, natural disasters, or other instances of imminent physical danger. This benefit supports individuals in safely exiting high risk areas, offering peace of mind and protection during international travel in uncertain conditions.

WAR RISK COVERAGE

War Risk AD&D coverage provides accidental death and dismemberment benefits for travelers injured or killed due to war or any act of war, whether declared or not, while traveling. This coverage may be purchased for added protection for high-risk travel destinations. It is a critical component of a multinational travel risk management program and is essential for Aid/Charity Workers, Air Crews, Defense Contractors, Media (Digital, Film, Newspaper, Radio, Television Reporting) and Missionaries.

TRAVEL ASSISTANCE SERVICES

Travel assistance services offer vital support for travelers facing emergencies abroad, including medical issues, security concerns and travel disruptions. Services include 24/7 mobile app and helpline access, security advice and assistance, coordination of medical services and medical and security evacuations. Services also cover travel inconveniences such as lost baggage or travel documents.

TRAVEL INCONVENIENCE

Travel Inconvenience benefits consist of Trip Cancellation, Trip Interruption, Delayed Baggage and Lost Baggage. Trip Cancellation coverage reimburses travelers for non-refundable expenses if a trip is canceled due to unforeseen events. Trip interruption coverage compensates for expenses incurred if a trip is disrupted for covered reasons. Delayed Baggage provides reimbursement for essential items when luggage is delayed and Lost Baggage coverage reimburses for items permanently lost during travel.

BLEISURE

Professional travel has evolved in recent years to include Bleisure travel – a combination of business and leisure travel. Our Business Travel Accident policy can be expanded to extend the coverages available under the business portion of the trip to the leisure portion.

Allied World's claims team has significant expertise and is committed to the highest levels of professionalism, responsiveness and good faith in claims handling.
